Application to change or add division of registration
Profession: Dental

This form is for dental practitioners who currently hold general registration under section 52 of the National Law and who wish to apply to change the division(s) in which they are registered. For example, a registered practitioner may wish to:

- add a division, e.g. if you are registered as a dental hygienist and now wish to be registered and practise as both a dental hygienist and a dental therapist,
- remove a division, e.g. if you are registered as both a dental hygienist and dental therapist and now wish to only practise only as a dental therapist, and/or
- change between divisions, e.g. if you are trained and registered as a dental hygienist and dental therapist and now wish to register as an oral health therapist.

For all divisions in which you wish to be registered you will need to:

- have an approved qualification which leads to general registration in those divisions (see www.dentalboard.gov.au for the Approved programs of study), and
- comply with recency of practice requirements of the Dental Board of Australia (the Board) for all those divisions (see www.dentalboard.gov.au for the Recency of practice registration standard; Recent graduates who apply for registration within the first year of graduation will not need to meet the recency of practice requirements.

(c) a qualification, not referred to in (a) or (b), relevant to the health profession and have successfully completed an examination or other assessment required by the National Board for the purpose of general registration in the health profession, or
(d) a qualification, not referred to in (a) or (b), that under the National Law, or a corresponding prior Act, qualified you for general registration in the health profession and you were previously registered on the basis of holding that qualification.

The Board's website contains information on approved qualifications accepted for section 53(a) above and examinations or assessments accepted under section 53(c) above. The qualifications approved by the Board for registration in the various divisions can be found on the Board's list of Approved programs of study (see the Board’s website at [www.dentalboard.gov.au](http://www.dentalboard.gov.au)).

Recent graduates should note that if they apply for registration within the first year of graduation they do not need to meet the recency of practice requirements.

For more information, see Recency of practice and Practice in the Information and definitions section of this form and the Recency of Practice and Return to Practice page on the Board's website at [www.dentalboard.gov.au/Registration/Recency-of-Practice](http://www.dentalboard.gov.au/Registration/Recency-of-Practice)

SECTION F: Suitability statements

14. Do you commit to having appropriate professional indemnity insurance arrangements in place for all practice undertaken during the registration period?

The Board requires all applicants for general registration to have appropriate professional indemnity arrangements in place when practising the profession in Australia. Applicants unable to meet this requirement are ineligible for registration. For more information, see Professional indemnity insurance in the Information and definitions section of this form.

YES ☐ NO ☐

15. Will you be performing exposure-prone procedures in your practice?

Exposure prone procedures (EPPs) are procedures where there is a risk of injury to the healthcare worker resulting in exposure of the patient’s open tissues to the blood of the healthcare worker. These procedures include those where the healthcare worker’s hands (whether gloved or not) may be in contact with sharp instruments, needle tips or sharp tissues (spicules of bone or teeth) inside a patient’s open body cavity, wound or confined anatomical space where the hands or fingertips may not be completely visible at all times.

Most dental practitioners working in clinical practice will perform EPPs. You can seek additional information about whether you perform exposure-prone procedures from your relevant organisation in Appendix 2 of the national guidelines online at https://www1.health.gov.au/internet/main/publishing.nsf/Content/36D4D796D31081EBCA257BF0001DE6B7/$File/nat-guidelines-work-bbv-Oct2019.pdf. You can also seek additional advice from your employer or professional association.

16. Do you commit to comply with the Australian National Guidelines for the management of healthcare workers living with blood borne viruses and healthcare workers who perform exposure prone procedures at risk of exposure to blood borne viruses?

This includes testing for HIV, Hepatitis C and Hepatitis B at least once every three years. Testing for Hepatitis B is not necessary if you have demonstrated immunity to HBV through vaccination or resolved infection.

      (i) the name of the practitioner’s employer; and

Information and definitions

**AUSTRALIAN NATIONAL GUIDELINES FOR THE MANAGEMENT OF HEALTHCARE WORKERS LIVING WITH BLOOD BORNE VIRUSES AND HEALTHCARE WORKERS WHO PERFORM EXPOSURE PRONE PROCEDURES AT RISK OF EXPOSURE TO BLOOD BORNE VIRUSES**

The Communicable Diseases Network Australia (CDNA) has published these guidelines. The following is a summary of the requirements in the CDNA guidelines:

Healthcare workers who perform exposure prone procedures (EPPs) must take reasonable steps to know their blood-borne virus (BBV) status and should be tested for BBVs at least once every three years. They are also expected to:

- have appropriate and timely testing and follow up care after a potential occupational exposure associated with a risk of BBV acquisition
- have appropriate testing and follow up care after potential non-occupational exposure, with testing frequency related to risk factors for virus acquisition
- cease performing all EPPs if diagnosed with a BBV until the criteria in the guidelines are met, and
- confirm that they comply with these guidelines when applying for renewal of registration if requested by their board.

Practitioners who are living with a blood-borne virus and who perform exposure-prone procedures have additional requirements. They are expected to:

- be under the ongoing care of a treating doctor with relevant expertise
- comply with prescribed treatment
- have ongoing viral load monitoring at the appointed times
- not perform EPPs if particular viral load or viral clearance criteria are not met (see detailed information in the guidelines according to the specific BBV)
- seek advice regarding any change in health condition that may affect their fitness to practise or impair their health
- release monitoring information to the treating doctor
- if required, release de-identified information to the relevant area of the jurisdictional health department/Expert Advisory Committee, and
- if required, release health monitoring information to a designated person in their workplace in the event of a potential exposure incident to assess the requirement for further public health action.

**CERTIFYING DOCUMENTS**

DO NOT send original documents unless specified.

Copies of documents provided in support of an application, or other purpose required by the National Law, must be certified as true copies of the original documents. Each and every certified document must:

- be in English. If original documents are not in English, you must provide a certified copy of the original document and translation in accordance with Ahpra guidelines, which are available at www.ahpra.gov.au/registration/registration-process
- be initialed on every page by the authorised officer. For a list of people authorised to certify documents, visit www.ahpra.gov.au/certify
- be annotated on the last page as appropriate e.g. ‘I have sighted the original document and certify this to be a true copy of the original’ and signed by the authorised officer, and
- list the name, date of certification, and contact phone number, and position number (if relevant) and have the stamp or seal of the authorised officer (if relevant) applied.

Certified copies will only be accepted in hard copy by mail or in person (not by fax, email, etc). Photocopies of previously certified documents will not be accepted. For more information, Ahpra’s guidelines for certifying documents can be found online at www.ahpra.gov.au/certify

**CHANGE OF NAME**

You must provide evidence of a change of name if you have ever been formally known by another name(s) or if any of the documentation you are providing in support of your application is in another name(s).

Evidence must be a certified copy of one of the following documents:

- Standard marriage certificate (ceremonial certificates will not be accepted).
Deed poll.
Change of name certificate.

Faxed, scanned or emailed copies of certified documents will not be accepted.

CRIMINAL HISTORY

Criminal history includes the following, whether in Australia or overseas, at any time:

- every conviction of a person for an offence
- every plea of guilty or finding of guilt by a court of the person for an offence, whether or not a conviction is recorded for the offence, and
- every charge made against the person for an offence.

Under the National Law, spent convictions legislation does not apply to criminal history disclosure requirements. Therefore, you must disclose your complete criminal history as detailed above, irrespective of the time that has lapsed since the charge was laid or the finding of guilt was made. The Board will decide whether your criminal history is relevant to the practice of your profession. You are not required to obtain or provide your Australian criminal history report, Ahpra will obtain this check on your behalf. But if you have not given us certified proof of identity documents since October 2019, you will need to do this first.

Any document containing a photograph must be annotated with the statement ‘I certify that this is a true copy of the original and the photograph is a true likeness of the person presenting the document as sighted by me.’

You may be required to obtain international criminal history reports.

INFECTION CONTROL

When applying for, and at renewal of, registration you are required to make a declaration that you are aware of your infection status for blood-borne viruses and that you will comply with the Communicable Diseases Network Australia’s Australian National Guidelines for the Management of Health Care Workers known to be infected with Blood-Borne Viruses and with the requirements of the Board’s guidelines on infection control.

For more information, view the full guideline online at www.dentalboard.gov.au/Codes-Guidelines/Policies-Codes-Guidelines

PRACTICE

Practice means any role, whether remunerated or not, in which you use your skills and knowledge as a health practitioner in your profession. Practice in this context is not restricted to the provision of direct clinical care. It also includes using professional knowledge (working) in a direct non-clinical relationship with clients, working in management, administration, education, research, advisory, regulatory or policy development roles and any other roles that impact on safe, effective delivery of services in the profession.

PROFESSIONAL INDEMNITY INSURANCE (PII)

You cannot practise as a dental practitioner in Australia unless you are covered by your own, or third-party professional indemnity insurance (PII) arrangements that meet the requirements of the Board’s registration standard. Remember, practising means using your skills and knowledge as a health practitioner in any paid or unpaid role in your profession.

For more information, view the full registration standard online at www.dentalboard.gov.au/Registration-Standards

RECENCY OF PRACTICE

To ensure that you are able to practise competently and safely, you must have recent practice in dentistry and in any field of practice (including specialist, endorsement or division of the register), in which you intend to work during the period of registration for which you are applying.

If in the previous five years you have not practised in the division(s) in which you are applying for registration, you will need to satisfy the Board’s recency of practice requirements. For more information, view the full registration standard online at www.dentalboard.gov.au/Registration-Standards and see the Recency of Practice and Return to Practice page on the Board’s website at www.dentalboard.gov.au/Registration.
