IMPAIRMENT

Impairment means a physical or mental impairment, disability, condition, or disorder (including substance abuse or dependence) that detrimentally affects or is likely to detrimentally affect your capacity to practise the profession. The National Law requires you to declare any such impairments at the time of renewal, including details of the impairment and how it is managed.

INFECTION CONTROL

When applying for, and at renewal of, registration you are required to make a declaration that you are aware of your infection status for blood-borne viruses and that you will comply with the Communicable Diseases Network Australia’s Australian National Guidelines for the Management of Health Care Workers known to be infected with Blood-Borne Viruses and with the requirements of the Board’s guidelines on infection control.

PROFESSIONAL INDEMNITY INSURANCE (PII)

When practising dentistry in Australia, dental practitioners must be covered by professional indemnity insurance that meets the requirements for PII arrangements outlined in the PII arrangements registration standard.

For more information, view the full registration standard online at www.dentalboard.gov.au/Registration-Standards.

RECENCY OF PRACTICE

To ensure that you are able to practise competently and safely, you must have recent practice in dentistry in any field of practice in which you intend to work during the period of registration for which you are applying.

If in the previous five years you have not practised in dentistry or the field of practice in which you intend to work during the period of registration, you will need to satisfy the Board’s recency of practice requirements before your application for registration can be decided.

Recent graduates who apply for registration within the first year of graduation will not need to meet the recency of practice requirements.
