Dear Madam / Sir

RE: Consultation on proposed entry level competencies for dental specialties

Thank you for your email of 30 November 2015 inviting The Royal College of Pathologists of Australasia (the College) to provide feedback on the above consultation process.

The College notes the recommendations put forward to the Dental Board of Australia on 18 August and 8 September 2015 have been included in the consultation paper and has no further comments to raise on the proposed entry level competencies for dental specialties.

Yours sincerely

Dr Debra Graves
Chief Executive Officer
