AUSTRALIAN NATIONAL GUIDELINES FOR THE MANAGEMENT OF HEALTHCARE WORKERS LIVING WITH BLOOD BORNE VIRUSES AND HEALTHCARE WORKERS WHO PERFORM EXPOSURE PRONE PROCEDURES AT RISK OF EXPOSURE TO BLOOD BORNE VIRUSES

The Communicable Diseases Network Australia (CDNA) has published these guidelines. The following is a summary of the requirements in the CDNA guidelines:

Healthcare workers who perform exposure prone procedures (EPPs) must take reasonable steps to know their blood-borne virus (BBV) status and should be tested for BBVs at least once every three years. They are also expected to:
• have appropriate and timely testing and follow up care after a potential occupational exposure associated with a risk of BBV acquisition
• have appropriate testing and follow up care after potential non-occupational exposure, with testing frequency related to risk factors for virus acquisition
• cease performing all EPPs if diagnosed with a BBV until the criteria in the guidelines are met, and
• confirm that they comply with these guidelines when applying for renewal of registration if requested by their board.

Practitioners who are living with a blood-borne virus and who perform exposure-prone procedures have additional requirements. They are expected to:
• be under the ongoing care of a treating doctor with relevant expertise
• comply with prescribed treatment
• have ongoing viral load monitoring at the appointed times
• not perform EPPs if particular viral load or viral clearance criteria are not met (see detailed information in the guidelines according to the specific BBV)
• seek advice regarding any change in health condition that may affect their fitness to practise or impair their health
• release monitoring information to the treating doctor
• if required, release de-identified information to the relevant area of the jurisdictional health department/Expert Advisory Committee, and
• if required, release health monitoring information to a designated person in their workplace in the event of a potential exposure incident to assess the requirement for further public health action.

CERTIFYING DOCUMENTS

DO NOT send original documents unless specified.

Copies of documents provided in support of an application, or other purpose required by the National Law, must be certified as true copies of the original documents. Each and every certified document must:
• be in English. If original documents are not in English, you must provide a certified copy of the original document and translation in accordance with Ahpra guidelines, which are available at www.ahpra.gov.au/registration/translation-process
• be initiated on every page by the authorised officer. For a list of people authorised to certify documents, visit www.ahpra.gov.au/certify
• be annotated on the last page as appropriate e.g. ‘I have sighted the original document and certify this to be a true copy of the original’ and signed by the authorised officer, and
• list the name, date of certification, and contact phone number, and position number (if relevant) and have the stamp or seal of the authorised officer (if relevant) applied.

Certified copies will only be accepted in hard copy by mail or in person (not by fax, email, etc). Photocopies of previously certified documents will not be accepted. For more information, Ahpra’s guidelines for certifying documents can be found online at www.ahpra.gov.au/certify

CHANGE OF NAME

You must provide evidence of a change of name if you have ever been formally known by another name(s) or if any of the documentation you are providing in support of your application is in another name(s).

Evidence must be a certified copy of one of the following documents:
• Standard marriage certificate (ceremonial certificates will not be accepted).
• Deed poll.
• Change of name certificate.

Faxed, scanned or emailed copies of certified documents will not be accepted.

CRIMINAL HISTORY

Criminal history includes the following, whether in Australia or overseas, at any time:
• every conviction of a person for an offence
• every plea of guilty or finding of guilt by a court of the person for an offence, whether or not a conviction is recorded for the offence, and
• every charge made against the person for an offence.

Under the National Law, spent convictions legislation does not apply to criminal history disclosure requirements. Therefore, you must disclose your complete criminal history as detailed above, irrespective of the time that has lapsed since the charge was laid or the finding of guilt was made. The Board will decide whether a health practitioner’s criminal history is relevant to the practice of the profession.

You are not required to obtain or provide your Australian criminal history report, nor will Ahpra request or accept such a report.

For more information, view the full guidelines online at www.dentalboard.gov.au/Registration-Standards

IMPAIRMENT

Impairment means a physical or mental impairment, disability, condition, or disorder (including substance abuse or dependence) that detrimentally affects or is likely to detrimentally affect your capacity to practise the profession. The National Law requires you to declare any such impairments at the time of renewal, including details of the impairment and how it is managed.

INFECTION CONTROL

When applying for, and at renewal of, registration you are required to make a declaration that you are aware of your infection status for blood-borne viruses and that you will comply with the Communicable Diseases Network Australia’s Australian National Guidelines for the Management of Health Care Workers known to be infected with Blood-Borne Viruses and with the requirements of the Board’s guidelines on infection control.

For more information, view the full guidelines online at www.dentalboard.gov.au/Registration-Standards

PRACTICE

Practice means any role, whether remunerated or not, in which you use your skills and knowledge as a health practitioner in your profession. Practice in this context is not restricted to the provision of direct clinical care. It also includes using professional knowledge (working) in a direct non-clinical relationship with clients, working in management, administration, education, research, advisory, regulatory or policy development roles and any other roles that impact on safe, effective delivery of services in the profession.

PROFESSIONAL INDEMNITY INSURANCE (PII)

When practising dentistry in Australia, dental practitioners must be covered by professional indemnity insurance that meets the requirements for PII arrangements outlined in the PII arrangements registration standard.

For more information, view the full guidelines online at www.dentalboard.gov.au/Registration-Standards
